MOBILE FIDELITY PHONO STAGES

StudioPhono

Developed by engineer Tim de Paravicini, StudioPhono plays music with crystalline clarity and involving realism. Selectable gain and loading, toggle switches, and a mono switch and subsonic filter come standard.

- Selectable gain for MM or MC 40dB, 46dB, 60dB, 66dB
- Adjustable loading 75Ω - 47kΩ
- Switchable Mono mode
- Subsonic filter
- External power supply

Retail Ex VAT £ 249.17

Retail Inc VAT £ 299.00

UltraPhono

In addition to the design features of StudioPhono, UltraPhono also includes an audiophile-quality Class A headphone amplifier with a 31-step volume control for intimate listening enjoyment.

- Selectable gain for MM or MC 40dB, 46dB, 60dB, 66dB
- Adjustable loading 75Ω - 47kΩ
- Class A Headphone Amplifier
- Switchable Mono mode
- Subsonic filter
- External power supply

MOBILE FIDELITY ACCESSORIES

SuperHeavyWeight Record Weight

In addition to coupling the record to the platter, Super HeavyWeight significantly reduces noise, specifically, record groove, motor, and bearing noise. Intended for use with all makes of turntable.

- Dimensions: 3.0" diameter and 1.355" height
- Weight: 367.4 grams, the optimum weight with respect to applying no strain or stress to a turntable's motor, bearing, or suspension
- Outer shell: Comprised of billet-machined 6061 aluminium for an easy grip
- Underside: Made from a soft polymer that ensures damage-free operation with LPs

MOBILE FIDELITY ACCESSORIES

Ultra Low Noise Feet

Mobile Fidelity Ultra Low Noise Feet provide substantial vibration control and noise reduction for any audio component. Developed in coordination with the acoustic experts at Harmonic Resolution Systems and featuring an outer housing of milled aluminium, the 4cm (1.578-inch) tall feet dramatically lower the noise floor across the entire audio band while doing no harm in the frequency and phase domain, allowing audio enthusiasts to hear more detail, nuance, texture, tone, focus, and clarity from their music.

ULNF8-16 feet support between 3.6-7.2 kg (8-16 pounds) specifications for four feet

ULNF16-24 feet support between 7.2 – 10.9 kg (16-24 pounds) specifications for four feet

ULNF24-32 feet support between 10.9- 14.5 kg (24-32 pounds) specifications for four feet

Made in U.S.A. with a milled aluminium outer housing
